PROFESSIONAL SUMMARY

Registered Nurse, frontend developer, and U.S. Army officer combining 5+ years of clinical operations experience with React, Next.js, TypeScript, REST APIs, and AI-adjacent development. Experienced with Epic EHR, MEDITECH, telehealth triage, clinical documentation, patient prioritization, care coordination, and responsive application development.

CORE QUALIFICATIONS

Healthcare: Epic EHR, MEDITECH, Clinical Assessment, Telehealth Triage, Patient Prioritization, Care Coordination, Clinical Documentation, Acute Care, Behavioral Health

Technology: React, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, REST API Integration, JSON, Responsive Web Development

Tools: Git, GitHub, Vercel, Vite, npm, VS Code, Figma, Jest

Professional: Clinical Judgment, Problem-Solving, Adaptability, Cross-Functional Communication, Leadership, Time Management

HEALTHCARE AND TECHNOLOGY EXPERIENCE

VITAS Healthcare | Feb 2026 - Present

Telecare Triage Registered Nurse

- Perform remote clinical triage, prioritize concurrent patient needs, document encounters electronically, and coordinate care to support timely interventions and continuity across the care team.

Skintric AI x Frontend Simplified | Remote | Sep 2026

Frontend Developer Intern

- Built and deployed a Next.js and TypeScript AI image-analysis application with 4 user-facing workflows - camera capture, image upload, validation, and interactive results - enabling users to complete a responsive end-to-end analysis flow.
- Translated Figma specifications into reusable components and integrated REST APIs and JSON data flows, improving interface consistency and simplifying future maintenance; earned mentor approval.

HCA Healthcare / HealthTrust | Jan 2024 - Present

Registered Nurse - Med-Surg/Telemetry and Behavioral Health

- Deliver care across acute-care and behavioral-health settings while maintaining accurate MEDITECH documentation and coordinating with interdisciplinary teams to support safe, efficient patient care.

Additional Nursing Experience | 2020 - 2024

Cleveland Clinic | Novant Health | ECU Health/Roanoke-Chowan | Travel, Critical Care, School Contract and Home Health

- Use Epic EHR across multiple hospital systems for chart review, clinical documentation, and care coordination, helping maintain accurate records and consistent multidisciplinary workflows.

U.S. Army Reserve | 2017 - Present

First Lieutenant / Registered Nurse (66H); previously 12N

- Lead assignments in high-accountability environments, coordinating personnel, safety requirements, and documentation to support operational readiness and reliable execution.

TECHNICAL EXPERIENCE

Frontend Simplified Institute | Remote | Jan 2026 - Present

Software Engineering Program

- Build responsive React and Next.js applications using JavaScript, TypeScript, REST APIs, routing, Git/GitHub, Jest, and reusable components to create accessible user workflows and maintainable frontend code.

EDUCATION

Maryville University - MSN, Adult-Gerontology Acute Care Nurse Practitioner (AGACNP) - In Progress

Western Governors University - Bachelor of Science in Nursing

Broward College - Associate of Arts
